MARINE CORPS LOGISTICS COMMMAND

Way Ahead

Logistics Modernization Forum

Agenda

1. AMC Common Logistics Support
2. OIF Excess Equipment Retrograde
3. Forward In Stores Account

AMC & USMC Integrated Process Team

- Background
  - Meeting 23 Sep 04
    - AMC & USMC
    - Discussed Common Logistic Support for OIF
    - Agreed to collaborate on Common Logistic Support for on-going and future endeavors
    - Establish Joint IPT (HQAMC, HQDA, HQMC LPO/LPC, LOGCOM, & SYSCOM)
      - LOGCOM lead for USMC

AMC & USMC Integrated Process Team

- Joint Actions
  - Charter the IPT
  - Identify joint requirements & opportunities to partner
  - Understand each other's capabilities & concept of support
  - Establish MOA for in-theater maintenance support
  - Coordinate in-theater maintenance initiatives
  - Discuss carcass retrograde
  - Communicate and share ideas

OIF Excess Equipment Retrograde

- Blount Island Command (BIC) mission
  - Deploy a Technical Assistance Advisory Team (TAAT) to Kuwait/Iraq
    - Obtain visibility of excess equipment inventory
    - Validate maintenance conditions
- CONOPS
  - ITO:
    - 4 Teams @ Ix container packing site (asset visibility)
    - TAAT main body @ Camp Arifjan, Ku (data collection, equipment documentation, ship load planning, embarkation)
    - Process validated in ITO with Operating Forces (2 – 11 Dec 04)
  - CONUS:
    - BIC coordinates with LOGCOM (SCMC) for redistribution instructions
    - BIC executes throughput/maintenance as directed

OIF Excess Equipment Retrograde

- Road Ahead
  - Finalize excess EDL
  - Execute retrograde support
  - Develop plan for next rotation

Forward In Stores Account

- LOGCOM Mission
